Name the Farm. By all means give a name to your farm, Mr. Farmer. It is the proper thing to do, and if you carry on a business with the world you will find that with products worth while having a name for your farm will pay in hard cash.

Never let a baby get chilled. Keep its hands and feet warm. 4. Regulate a baby's day by the clock. Everything about its wants should be attended to at schedule time.

What Bill Did. Bill Turner was a farmer, he labored all his life. He didn't have no schoolin' and neither had his wife. But Bill was built for business and made the wheels go round, and left a healthy fortune when they put him under ground.

Cows Drinking Polluted Water Does Not Affect Milk Supply. The following statement was given out by the city physician, Dr. F. G. Hyatt, of Greensboro.

Stand by the President. We're strictly neutral, me an' Hi. An' hope we'll see reason. For neither side would bleed an' die for merely sordid gain.

Our hearts bleed for the maimed and dead. That strew the battlefield. The heroes who in combat red. The "last full measure" yield.

Countries of Europe Past Going Bankrupt. J. E. Latham, of Greensboro, has just returned from points in the East, where he has been on a business trip for the past two weeks.

UNFORTUNATE YOUTH A VICTIM OF BRYAN AND HAIR. Possibly with some confused idea of imitating Abraham, who was ready to sacrifice Isaac, a man-most inappropriately named Wise, of Crane, Mo., named his son Bryan and vowed that the boy's hair never should be cut until Bryan became president of the United States.

Large Strawberry Shipments. Chattanooga, Tenn., July 3.—Over 700 solid car loads of strawberries have been shipped from the East Tennessee section and points south of Chattanooga to Cincinnati and other western markets during the season now coming to a close.

Health Rules for Babies. Ninety-four babies out of every thousand born in New York died last year. Only thirty-eight babies

died in Montclair, N. J., out of every thousand born during the same period. Much credit for this low rate of infant mortality in the latter city is given to the Montclair Day Nursery, which has been the following decade of baby health rules.

1. Keep everything connected with a baby absolutely clean. Cleanliness in the home accounts for a baby's health. Untidy babies are usually sick babies.

2. Never let a baby get chilled. Keep its hands and feet warm. 4. Regulate a baby's day by the clock. Everything about its wants should be attended to at schedule time.

5. Diminish a baby's food the minute signs of illness appear. Most babies are overfed anyway. 6. Weigh a baby every week until it is a year old. Its weight is an index to its health.

7. Every mother should get daily outdoor exercise. It means better health for her babies. 8. Every baby should be mothered more and mangled less. Babies thrive on cuddling but they can get along on a lot less kissing.

9. Don't let too many different people take care of the baby. Even members of the same family make a baby nervous if they fuss around him too much.

3. Make Whiskey for Medicine. A preacher backed him. Conscience and law are not always bedfellows. This week a Yackin county man told the Federal court he made a little whiskey to bathe his wife in.

from Cuba, Ala., and other stations in that territory on the Alabama Great Southern Railroad. There were a few scattering shipments making up the total.

The crop this year was much larger than last year, but despite this fact good prices were realized, growers receiving an average of \$1.75 a crate of about \$700 a car, which will mean that this year practically \$500,000 has been brought into this section from strawberries alone, giving the growers a handsome profit and furnishing employment to a large number.

Deafness Cannot Be Cured. Local applications, as they cannot reach the diseased portion of the ear, there is only one cure, deafness, and that is by constitutional remedies.

The merchants and other associations of Greensboro are co-operating with High Point to get a good road between the two towns.
